

SWISD Aquatic Center
Water Polo (C)

Splashball Parent Night Out – Ages 7–12 Sept. 25 (Fri.) 6:00 PM–8:30 PM

Splashball Parent Night Out is a two-and-a-half-hour evening program designed to give children a fun, active, and supervised night at the Southwest ISD Aquatic Center while parents enjoy an evening out. From 6:00–8:30 PM, participants will be introduced to the basics of Splashball, a beginner-friendly version of water polo that helps young athletes build confidence in the water through games, skill development, and team-based activities. No previous water polo experience is required. Throughout the evening, SWAC staff will lead participants through age-appropriate activities focused on water safety, swimming, treading water, ball handling, passing, shooting, teamwork, and the basic rules of water polo. Activities will be presented in a fun and encouraging environment, allowing participants to learn new skills, play with others, and experience the sport without the pressure of formal competition. Participants should be comfortable entering the water and safely participating in aquatic activities. Pizza and Gatorade will be provided for dinner. Participants should arrive in an appropriate swimsuit and bring a towel, dry clothes, and any personal swimming essentials they may need. Parents or guardians should provide accurate emergency contact information and notify SWAC staff of any food allergies, dietary restrictions, medical conditions, or accommodations during registration. Advance registration is required, and space may be limited. Participants must be dropped off and picked up by an authorized parent or guardian at the designated times.
